Referee Stops Fight in Third Round-Ketchel Had Philadelphia Jack Helpless-Academy Prove Good Wet Weather Players-Answers to Fenton and M'Grath Challenges-Other Sports.

Philadeiphia, Pa., June 8.—Stanley Ketchel, the middleweight champion, defeated Jack O'Brien in the third round tonight, thus accomplishing a feat that Jack Johnson, the heavy-weight champion, failed to achieve in six rounds some three weeks ago. The fight was stopped in the second minute of the third round after O'Brien had been knocked down twice in the third the men from some cut on to the rive of the third round after O'Brien had been knocked down twice in the third round and once in the second and was almost unable to raise his hands to defend himself.

Whirlwind Go from the Start. The fight was a whirlyind from start to finish. Ketchel went after O'Brien from the tap of the gong and showed that he was determined to achieve a that he was determined to achieve a knockout. He devoted his attention to O'Brien's body until he had drawn the latter's guard down and then he sent in a crashing right in the second round that scored the first knockdown. O'Brien got up gamely, but went down flat on his back a few moments later from a right and left on the faw. This time he struggled to his feet at the count of six, and two seconds later the gong rang.

Ketchel After a Knockout. Ketchel After a Knockeut.

The third and last round was brief. Ketchel went in for a knockeut. In his anxiety to finish it quickly he was wild and many of his swings went wild for the mark. Finally he cornered O'Brien and sent in a left short arm blow on the jaw that about finished it. O'Brien crumpled up on the ropes and clung to Ketchel's neck desperately. Shaking him loose, Ketchel sent in right and left again and made O'Brien very groggy. Referee McGuigan seeing O'Brien's condition and wishing to avert a possible serious injury, stopped the fight.

Ketchel was cheered wildly by the crowd, which was quick to comment on his showing as compared with Jack Johnson's against O'Brien to the disadvantage of the black champion.

Ketchel said after the fight:

"I was confident that I could get O'Brien in less than six rounds. I am satisfied with my showing tonight."

O'Brien felt his defeat sprey, but was quick to give Ketchel full credit for his victory.

Little Betting on Fight. Both fighters were in fine condition.
There was very little betting on the outcome, even money being the figure at which a few scattering wagers were made that O'Brien would stay the six

It was announced that both Ketchel and O'Brien weighed in at noon below 160 pounds, the agreement calling for that figure or below. The interesting announcement was also made that Jim Jeffries would appear at the National club next Wednesday night in a friendly bout with Sam Berger in order that Philadelphians might be ableto judge the progress the big Californian has made in his preliminary training for a fight with Johnson.

Honey Mellody Wins, in Paris. Paris, June 9. —Honey Mellody of Boston knocked out Curly Watson in the fourth round tonight.

ACADEMY GOOD IN RAIN.

At Dayville on Wednesday afternoon in spite of the rain, the Norwich Free Academy team added a game to the right side of the season's account by defeating Killingly high school 10 to 3 in five innings, by which time rain caused the game to be called off. It was the second meeting of the two teams and both games were won by the Academy, the former one by the score of 3 to 0.

Good work with the stick counted runs for the Academy off Marland's pitching, but Jackie Gallivan kept Killingly down to four singles, and had them shut out up to the last inning. The wet ball prevented much of a strikeout record by Gallivan, but the Norwich fielders handled the slippery ball well, Murphy featuring with a one-hand jab with his gloved hand which speared the ball about 4 inches off the ground over first bag.

The Academy scored its runs in two bunches, Murray and Noyes both hitting safe in the third, scored on Mc-Kay's single after Hendrick filed out to short. Gallivan got on by a dropped third strike, and scored with Mc-Kay on Murphy's hit, after both runners had worked a double steal.

Crowe started the fourth with a single, Murray, Noyes and Hendrick hit safe, and McKay sacrificed, scoring four runs. After Gallivan fanned, errors put Thompson and Murphy on, and Ricketts brought them in with a single.

All of Killingly's runs came in the last suries with best with a stagen by

DECISIVE FALL IN PRICES.

ate Recovery Reduced Day's Net Changes to Small Proportions.

New York, June 9 .- The decisive downward turn taken by the price movement of stocks today inclined speculative sentiment to take account f unfavorable factors, but there was or unravorable factors, but there was little that was positively unfavorable in the news. The rapid decline in Southern Pacific upon the announcement of the much-heralded plan to retire the preferred stock was taken as an object lesson of the extent to which favorable developments have which favorable developments have been discounted in the speculation. The retirement plan left the privileges been discounted in the speciation. The retirement plan left the privileges exchange of preferred or common stock the most attractive for preferred stockholders and made it practically certain that it would be followed by all those stockholders. Such an exchange, it was realized, would leave change, it was realized, would leave the company's financial position practically where it is, as the effecting of any saving on the present charges would depend on the new common stock being kept on a six per cent, basis compared with the seven per cent, paid on the preferred to be retired. An increase in the common dividend to seven per cent, has been confidently counted on. A computation of the present setting of this stock even the income return on this stock, even with the dividend raises to seven per me line of high grade and cent. showed that on stock purchased at the price touched yesterday, which was 135, this return still would be less than on Union Pacific at the price and ation, which involves no new facts There was an apparent shifting of holdings from Southern Pacific to Un-ion Pacific. The large benefit to ac-crue to the Union Pacific treasury from ny increase in the Southern Pacific lividend was an additional incentive o this operation. Quite as much in-quence was exerted on speculative entiment by the departure for Euope of a stock exchange member cred-ted with an important share in the argest transactions of the recent past in the buil campaign as by any actual developments in conditions bearing on values. This departure was read as a sign that profits had been taken on a large scale in the bull campaign. The government crop report was of some continuing influence towards depres-sion of stocks, although this was modified by the indifference manifested by the wheat market to the government's figures. The spacetiation was disposed to a more sobar consideration of the large reliance placed on the immature spring wheat and the newly planted carn crop for the favorable harvests that are hoped for. Further discounting of prospects so distant apparently ing of prospects so distant apparently ful not appeal to favor. A distinctly ad impression was created by the out-time of the New York city bond sale, for which applications were less than wice the amount offered. The low

price realized, which reached only 100.71 on the average, was further cut by sales of the bonds when issued on, the stock exchange as low as 100 1-2. The slight rise in the call money rate was ascribed to the applications for the New York city bonds, moderate though New York city bonds, moderate though they were. An active demand has sprung up for funds on time and rates are advancing. Discounts also rose in London and Paris today. The general money situation, therefore, was shaping itself quite definitely away from ease. The aggressive rise in Union Pacific helped the late restoration of the price level and reduced the day's net changes to small proportions. net changes to small proportions. Honds were easy, Total sales, par value, \$5,890,000. United States bonds

were unchanged on call.
